

## Pay By Text

In response to the huge number of requests from our members Muintir Na Tíre is delighted to announce that Cairde will be pay by text.

This means members will simply have to reply to a text message with the keyword 'Alert' to pay for the Cairde service.

The annual subscription fee of €10 will then simply be added to your phone bill for that month, your payment date for your phone bill will not change. Pay as you go customers will simply have the money deducted from their balance.

This allows members a simple and transparent way to pay for the service. This also means committee members and volunteers no longer need to call door to door to collect money from community members!

Unlimited Garda Text Alerts for all subscribed members of your group.

No concerns about message length!
